EXPERIENCE

Zipmark Inc., Payments Software Company
Lead Frontend Developer - 2016 - 2017

- Developed dashboard for a modern payments platform using React.js and Redux in order to provide a single UI that connects multiple secure RESTful microservices.
- Designed dashboard layout and styling using React Storybook.
- Managed long term and short term project goals using OKR (Objectives and Key Results) methodology.
- Maintained daily communication with entirely remote development team.

JOLLY Inc., International Touring Music Act
Founder & CEO - 2008 - PRESENT

- Produced, mixed, co-wrote, and performed on albums that sold over 10,000 copies worldwide.
- Negotiated multiple record deals.
- Headlined multiple European tours and festivals, and cruises.
- Build social media presence including over half a million views on YouTube and 13,000 facebook followers.
- Created a Digital Audio Workstation with Python and TkInter to expedite music composition.

Raich Ende Malter & Co., Accounting Firm
Auditor - 2011 - 2014

- Secured CPA license to improve skills and gain higher authorization on company audits.
- Successfully integrated with dozens of companies corporate cultures during extensive on-site audits.
